

Good afternoon!

I am pleased to report this afternoon we welcomed Deidra Davis and her team of 50 associates into the DHS family of hotels with the opening of the **Hilton Garden Inn - Bethesda**. Attached is a photo of our very proud General Manager, Deidra Davis standing in front of the hotel moments after she was authorized to open for business by Hilton's opening team.

It takes an experienced team to pull together a very complicated project like this and to do it almost 2-months ahead of the original schedule and several million dollars under budget. Our company has an awesome talent pool and this project has benefited greatly from the collective expertise of DDC, DCC, DHS, DRES and CBS.

Thanks to everyone who had a hand in this project!

Please stop by and see this beautiful hotel... Bethesda's newest hotel in 23-years!

Best regards,

Chris Bruch
